

Update 29: Ho Chi Minh City, Vietnam - Plans to Extend COVID-19 Measures on Businesses Effective June 15, 2021

- Vietnam's business hub of Ho Chi Minh City will extend social distancing measures for further 15 days starting from June 15, 2021, amid the emergence of new COVID-19 clusters
- Ho Chi Minh City has seen a spike in cases at several clusters, including factory, residential building, hospitals, and religious mission
- The city's current social distancing order is set to expire on June 14, 2021
- The city has planned to extend the curb since sources of some new COVID-19 infection chains have not yet been identified
- The new restrictions will include:
 - Non-essential services and businesses will remain shut
 - Public gatherings of five or more people will not be allowed
 - Indoor gatherings will be limited to 20 people
 - People are advised to stay at home
- Most of the city's infections have been found in the Go Vap district, which will remain under stricter curbs
- Since April 2021, the city has reported a total of 845 cases, making it the third-biggest COVID-19 hotspot during the current outbreak
- On June 13, 2021, Vietnam reported 297 new cases of COVID-19, including 293 locally transmitted and four imported
- Vietnam will need 150 million vaccine doses for about 75% of its population this year, for a total cost of US\$1.097 B
- Reported COVID-19 stats for Vietnam:
 1. Confirmed Cases: 10,881
 2. Deaths: 59 (0.54%)
 3. Recoveries: 4,236 (38.93%)
 4. Vaccine Doses Administered: 1,498,323
 5. Fully Vaccinated Population: 55,265 (0.06%)
- Supply Wisdom will continue to monitor and issue alerts for any relevant developments

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
