

# Update 54: Indonesia - Extends COVID-19 Restrictions till June 28, 2021 to Contain the Spread of COVID-19 Infection

- The Indonesian government has extended its micro-scale restrictions which ended on Monday for another 14 days to June 28 to prevent further spread of the COVID-19 pandemic
- Coordinating Minister for Economic Affairs Airlangga Hartarto said that offices located in the red zone are only allowed to accommodate a maximum of 25% of employees
- Offices in the orange or yellow zones are allowed to be occupied by a maximum of 50% of employees
- The operation of shopping centres and restaurants is only allowed until 9 p.m. with a maximum of 50% of visitors under strict health protocols
- The risk of COVID-19 transmission in different parts of the country were tagged red, orange, yellow and green colours, in which the red zone refers to an area with a high risk, and the green zone means being free of new cases
- Restrictions are in place for people who are traveling intercity
- The delta variant was now "more dominant" in areas like Jakarta and other parts of Java
- **Reported COVID-19 stats for Indonesia:**
  1. Confirmed Cases: 1,919,547
  2. Deaths: 53,116 (2.77%)
  3. Recoveries: 1,751,234 (91.23%)
  4. Doses Administered: 31,727,380
  5. Fully Vaccinated Population: 11,568,443 (4.3%)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
