

Update 63: Ireland - Tightens Travel Restrictions with United Kingdom Amid Fear over Delta Variant

- Irish government tightened travel restrictions with the United Kingdom amid fear over Delta COVID-19 variant
- Restrictions will be imposed on travelers who are not fully vaccinated
- Travelers will now have to isolate at home for 10 days up from 5 days
- Passengers must provide a negative PCR test before arriving in Ireland
- Passengers from Britain who are fully vaccinated must isolate for 5 days, and can then leave quarantine as long as they produce a negative PCR test on the fifth day
- Travelers who are vaccinated or unvaccinated must quarantine for 14 days if they do not produce negative PCR tests during the isolation period
- The move comes as the UK experiences a huge spike in cases of the Delta variant, which is believed to account for over 90% of current cases
- Reported COVID-19 stats for Ireland:
 1. Confirmed Cases: 267,673
 2. Deaths: 4,941 (1.85%)
 3. Recoveries: 249,929 (93.37)
 4. Vaccine Doses Administered: 3,100,000
 5. Fully Vaccinated Population: 1,000,000 (20.3%)
- Supply Wisdom will continue to monitor and issue alerts for any relevant developments

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
