

# Update 100: Manila, Philippines - Government Plans to Impose Lockdown to Curb COVID-19 Delta Variant Spread

- The Philippine President Rodrigo Duterte approved the imposition of lockdown measures in Manila, in a bid to contain the spread of the Delta COVID-19 variant
- The Manila will be placed under the tightest quarantine curbs from August 6 to August 20, 2021
- People cannot leave their homes, except for essential shopping, while indoor and al fresco dining is banned
- On July 30, 2021, authorities reported 8,562 new infections, the highest daily increase in two months, and 145 deaths
- The country has reported 216 cases of the Delta variant
- Currently, hospital occupancy in the Manila area is 49%, while the rate for intensive care beds is 58%
- The lockdown, which is expected to cost the economy US\$4 B
- The lockdown prompted a share selloff, with the Philippines' index slumping 3.5% to its lowest close in more than nine weeks
- After suffering a record 9.6% contraction in 2020, the Philippines is aiming for a 6% to 7% economic expansion this year
- Reported COVID-19 stats for Philippines:
  1. Confirmed Cases: 1,588,965
  2. Deaths: 27,889 (1.75%)
  3. Recoveries: 1,500,189 (94.4%)
  4. Vaccine Doses Administered: 19,359,927
  5. Fully Vaccinated Population: 78,35,715 (7.2%)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
