

# Update 46: Estonia - Imposes Travel Restrictions on Three European Countries Effective August 2, 2021 Amid Surge in COVID-19 Cases

- Estonian added three European countries into its 'yellow' list effective August 2, 2021, amid a surge in COVID-19 cases
- The countries include Finland, Italy, and Switzerland
- Travelers from these countries must present proof of vaccination, negative test result, or recovery from COVID-19
- Denmark and France have been moved to the 'red' list, as now arrivals from these countries must quarantine for ten days
- The revised lists and their accompanying restrictions are activated on August 2, 2021
- Estonia's three-tier system relates to European Union (EU)/ European Economic Area (EEA)/Schengen Zone nations and sees arrivals from countries with a reported 14-day coronavirus rate of fewer than 75 inhabitants per 100,000 able to enter restrictions free, i.e. the "green" list
- Countries with a reported rate of 75-200 per 100,000 are placed on the "yellow" list, while those with incidences over and above that are on the "red" list
- Arrivals from red list states must quarantine for 10 days on arrival in Estonia if they have not been fully vaccinated
- The European Union is a political and economic union of 27-member states that are located primarily in Europe
- The European Economic Area was established via the agreement on the European Economic Area, an international agreement that enables the extension of the European Union's single market to member states of the European Free Trade Association
- The Schengen Area is an area comprising 26 European countries that have officially abolished all passports and all other types of border control at their mutual borders
- Additionally, Latvia placed Estonia on its 'yellow' travel restrictions list
- Reported COVID-19 stats for Estonia:
  1. Confirmed Cases: 133,557
  2. Deaths: 1,272 (0.95%)
  3. Recoveries: 128,898 (96.51%)
  4. Vaccine Doses Administered: 1,130,877
  5. Fully Vaccinated Population: 493,849 (37.2%)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
